

The Importance of MAT in the Correctional System

Kent Runyon, MSM

Centurion Health

Key Drivers for Investing in MAT with our Correctional Systems

- Unique opportunity for community impact
 - Persons in our correctional systems have a higher rate of OUDs
 - They are coming back to our community
 - Impactful setting for delivery of care
 - Legal Mandate

Challenges

- Funding
- Staffing
- Diversion of medications
- Network of Support

Three stages for MAT implementation for Correctional Settings

- Upon Intake
- Active use while incarcerated
- Reentry

What our Correctional Systems need

- Increased education for the general public
- Increased investment
- Academic research to help drive best practices

Conclusion
